A good name is rather to be chosen than great riches, and loving favor rather than silver and gold. Proverbs 22:1

In Biblical thought, a name does not only identify, it expresses the true nature of its bearer. The Israelites correctly held sacred the name of God, for they realized that to know the name of God as he revealed Himself was to know His expressive nature.

We should always be conscious of our actions, for our actions identify our true nature. We have inherited a wonderful history, but we are the life of our fraternity. Masonry is a living Institution, and we bear the responsibility for its reputation and its' future.
